PROFILE

Full Stack Web Developer based in Antananarivo. I build clear, performant, user-focused web and mobile applications with React, Next.js, React Native, and Node.js.

PROFESSIONAL EXPERIENCE

Mobile Developer — AZ Driver

2026

AZ+

Built the Android APK for AZ+ delivery drivers: routes and express deliveries, geolocation, push notifications, cash register, and real-time order sync.

`React Native · TypeScript · Socket.io · Axios · Notifee`

Frontend Developer — JobPrive

2026

Relia Consulting

React/TypeScript frontend for candidates and recruiters, Laravel API integration, interview slot booking, online payments, and real-time messaging.

`React · TypeScript · Laravel · Stripe · Socket.io`

Frontend Developer — Business Plan Generator

2025

Relia Consulting

Next.js/TypeScript interface, multi-step React Hook Form/Zod form, jsPDF export, and Axios API integration.

`Next.js · TypeScript · Tailwind CSS · React Hook Form · Zod`

PERSONAL PROJECTS

TaskMaster

Modern task management app with priorities, categorization, advanced filtering, and an integrated calendar.

`Next.js · TypeScript · Tailwind CSS`

JobRadar

Job-search assistant: CV → scored analysis → pipeline → cover letter, with auth, email alerts, and PWA.

`React · TypeScript · Express · Prisma · PostgreSQL · Vite`

SKILLS

Frontend — JavaScript, TypeScript, HTML5 / CSS3, React.js, React Native, Next.js, Tailwind CSS, Vue.js

Backend — Express, Node.js, Prisma, SQL

Databases — MySQL, MongoDB, SQLite

CMS & Tools — Git, Figma, Adobe XD

EDUCATION

Master's II in Computer Science — EMIT, University of Fianarantsoa (2023-2024).
Bachelor's in Computer Science — EMIT, University of Fianarantsoa (2021-2022).
